

WAIPARA SCHOOL BOARD OF TRUSTEES – ANNUAL HEALTH AND SAFETY REPORT FOR 2017

There have been two Health and Safety representatives on the Board this year, Richard Northover until his resignation in October and Victoria McGuckin from October to December 2017.

No major incidents or accidents occurred during the year and the required checks as dictated in the policies were carried out.

Both the installation of the new fence in the first term and the building project in the last term have heightened Health and Safety awareness and have been reported on in relevant Board Meetings.

We welcome our new Health and Safety Board representative Debbie Dellaway-Curtis onto the Board for 2018.

Regards,

Victoria McGuckin

H&S BOT Representative 2017
